The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. BILL JINKIN'S TROUBLES ON THE FIRST NIGHT OF HIS MARRIAGE.

Bill Jenkins was a very modest man; and although he had mingled with the world at barbecues, shooting-matches, bar rooms, and at many of the *et cetera* places where men may occasionally be found—yet he was modest, very—whenever placed in the company of ladies. He trembled when a pretty girl would speak to him, and felt like a culprit at the stand when he was called upon to "see Miss So-and-so home." Bill could never explain or account for this singular timidity. He would sing, frolic, and be as wild as a Rover, among men, but a petticoat would unnerve him instantly.

Lucy Ann Leggins, a young widow, had "got her eye" for Bill, and was determined to "head him off." Bill, to tell the truth, loved Lucy, and was as miserable out of her company as he was timid in it,—but as to "popping the question," that was impossible. Lucy knit purses, hemmed handkerchiefs, worked shirt bosoms, and gave them to Jenkins, as well as several gold rings, but still Bill would not propose. Lucy declared to him repeatedly that she loved him and was miserable when he was absent from her, and her happiness in life depended upon being his wife—but Bill was dumb. At last Lucy was determined that he should "hear thunder," and when he next visited her, after some preliminary soft talk on her part, she very affectionately said, "Billy, my dear, when are you going to ask me to marry you? for I want to get my dress ready."

Bill, fainting on the spot, and haphorn and water were applied for half an hour before he was finally restored.

"What has been the matter, Miss Lucy?" "Oh, not much; you fainting when you were about to ask me to marry you—but I told you yes—and oh, how happy we will be when we are married!—I will love you so dearly; and, as you said next Tuesday, why I am willing the wedding should be then—my dear Billy, how I do love you."

"I am willing Miss Lucy," was all that Jenkins could articulate, while Lucy almost kissed him into fits. What a glorious victory!

Here we ought to stop but justice to our narrative requires that we should proceed to the finale.

The "next Tuesday" had come, and Jenkins was trembling at the approach of evening—something seemed to harrow up his mind, and to no friend even would he communicate his deep distress.

"You are not afraid, certainly, to go up and get married—why, to marry such a beautiful, charming, and intellectual being, as Mrs. Leggins. I should wish that time would fly like news upon the Electric Telegraph line. Cheer up, Jenkins—cheer up."

"Oh!" replied Bill, "you don't know what distresses me. I can go up and get married—that is easy enough, but there is something—I know it—I feel it—there is one thing I am satisfied I never will be able to do, unless Lucy will assist me."

"Explain yourself," replied his friend. "and if I can with propriety I will endeavor to render you comfortable."

But Jenkins could not explain—he dared not—it was his timidity—he saw the Rubicon before him and he knew he could not pass it—but he was determined to get married and trust to luck and Lucy.

The night came—and they were married. All were merry; the laugh, the chat, the song, and the dance, made up a lively party until midnight—they commenced to disperse, and at one o'clock Bill Jenkins was left "solitary and alone" in the hall. Lucy Ann had retired, and her bridesmaids were off in a distant room. Bill Jenkins' waters and friends had gone home with the ladies. Bill was now at the point where he thought his firmness would fail him. His situation was a peculiar one. He was not certain which was Lucy Ann's room, although he had seen it, and he was not certain which was the door to it.

which by chance had been left in his possession. An old female dancerv, who resided to

the family, had been prevailed upon by the ladies, who noticed Jinkins' bashfulness, to show him his bedroom, and she accordingly introduced herself to him in as modest a style as she well could.

"Mr. Jinkins," said she, "past two o'clock."

"Oh, yes—I know it—I'm going home in a few minutes. Old woman, where is my hat?"

"It's in Miss Lucy's room, sir—you can get it there if you'll go in. Mr. Jinkins, why don't you go to bed? Miss Lucy is there waiting for you—don't be so modest—the ladies will laugh at you. Come with me, and I'll show you the room, for I want to put out the lights, lock up the house, and go to bed."

The old woman seized hold of Jinkins and pulled him along until she got out of the hall, and his gaze was fixed for a moment upon the entry door—but she was determined to put him into Miss Lucy's room, and after violent efforts succeeded. There he stood, with the knob of the door in his hand—but the old darkey had been smart enough to lock the door outside. Lucy pretended for some time time to be asleep; but that sort of gammon would not answer—at last she said—

"My dear Billy what is the matter?" "I want my hat!" screamed Jinkins, and Lucy, knowing his modesty, leaped out of bed, and after caressing him for some time, Billy went to bed with his clothes and boots on—and trembled till morning.

How Jinkins subsequently managed "matters and things in general," can be known by application to his dear Lucy Ann.

Reader, strange as it may appear, there are Jinkinses all over the world; but the freemasonry of wedded life draws the curtain before the eyes of the uninitiated. Going to bed on the first night after marriage must be among the most delicate situations in life. Ask your married neighbor how it was with him! We have no experience, exactly, in that way!

FROM MEXICO.—By an arrival at Charleston, Havana papers of the 8th have been received, in one of which is a letter from Vera Cruz dated the 27th, which states that Gen. Scott had addressed circulars to the Mexican people, inviting them to appoint deputies to meet at the capital with powers to conclude a peace. A division of 1500 troops had been sent by Gen. Scott to take Toluca, near the city of Mexico.

The United States Clothing Store is said to be the place to buy ready-made clothes. These in want had better satisfy themselves of the truth of this.

NAVAL.—The steamship Iris, recently built to ply between New York city and New Orleans, has been purchased by the U. S. Government and hauled up at the Brooklyn Navy-Yard to be refitted and dispatched to the Gulf of Mexico forthwith. The ship Supply has been entirely refitted for service, and is now loading with stores for Mexico. The Savannah and Plymouth are now lying up at Brooklyn Navy Yard, while the North Carolina has just been hauled in for winter quarters.

The U. S. steamship Alleghany is reported at Key West, 2d instant. Having completed, the A. would start for Norfolk as soon as her crew had sufficiently recovered from their sickness.

LATE FROM THE BRAZOS.—By the arrival of the schooner Arietta, Capt. Martin, at New Orleans, from the mouth of Tobacco river, 22d ultimo, the Bulletin learns that the U. S. bomb-ship Rina, Commander G. J. Van Brunt, schooner Bonito, J. M. Berrien, lieutenant commanding, and steamer Scourge were lying at Frontera, near the mouth of the Tobacco river. The latest accounts from the town of Tobacco state that everything is quiet there, and that a great many of the Mexican soldiers were deserting, not having received any pay for their services, and those that remained were under the command of the famous Miguel Blanco, who, it is said, has been appointed commander-in-chief of the Mexican forces in the State of Tobacco. Quite a number of men of the American army have been on the sick list, but are rapidly recovering. There is no very late news from the interior. The greater number of inhabitants who had left the town of Frontera, on account of the war, are now returning, having become satisfied that the Americans will not harm them while they keep themselves quiet.

Com. Perry was still lying at Anton Lizardo, but daily expected at Frontera.

The weather for a few days past has been most delightful, fully equal to any we have had since fall came in, although it is now more than half gone, and we might expect colder weather. Although we might expect it we have no desire to see it.

Hon. A. H. Everett, our Commissioner to China, died at Canton on the 29th of June.

The reader's attention is directed to the advertisement of Mr. McLaurin, in another column. We inspected some specimens of Mr. McLaurin's penmanship yesterday and it fully equalled anything that we have ever seen, executed with a pen.

DISTRESSING.—A few days since, three blind youths, from the town of Union, Montgomery county, Ohio, were sent to the Asylum for the Blind at Columbus. These youths are brothers, and in the family, which consists of eight members, five are in this melancholy condition. The cause of this almost unheard of family calamity, is said to be the frequent intermarriage of near blood relatives in the family.

A man by the name of Ansel McDo nald, confined in the jail of Onondaga county, dug both his eyes out on Thursday last, while suffering from delirium tremens.

The loss occasioned by the disease in potatoes threatens to be more severe this season than last. A friend in Maine, who sent his whole crop, valued at a thousand dollars, to this city, will have it all returned upon his hands.—Boston Transcript.

THE SIAMSE TWINS.—A recent visitor at the home of the Siamse Twins, at their plantation in North Carolina, says that each of them has several children, and that they are quite prosperous as cultivators of the soil, owning two plantations and numerous servants, living plainly and contentedly, and apparently very happily. They have adopted the name of Banker, in honor of their banker of that name in the city of New York.

LABORERS WANTED.—The trustees of the Illinois and Michigan Canal offer one dollar per day to laborers, during the fall and winter, and until the completion of the work.—Boarding-houses are provided at the different stations.

TEN HOUR SYSTEM.—The operatives of Manayunk, Pa. have determined, in public meeting, to memorialize the Legislature of that State for the ten hour system.

Don't rob yourself! as the farmer said to the lawyer when he called him hard names.

An Edinburgh paper says that such was the violence of the waves at Bell Rock, on the night of Saturday 21st ult., that at the light house, muscles were thrown up from the bed of the sea into the windows of the sleeping apartments of the lighthouse-keepers, a height of no less than seventy feet.

It is estimated that the merchants and corporation of Winchester, Va., have lost by late floods over \$100,000. One person lost about \$5000 worth of groceries, oils, &c. A great part of the town was completely inundated.

The friends and fellow-soldiers of Gen. Harrison have held a meeting in Cincinnati, for the erection of a monument to his memory at North Bend.

HEALTH OF NEW YORK.—There were two hundred and thirty-six deaths in this city last week,—the smallest number in any one week for several months.

The Citizen's Insurance Company, of St. Louis, has declared a semi-annual dividend of twenty per cent, on the capital stock.

Indiana is to be added to the States which have appointed November 25th for the observance of Thanksgiving—making seven so far as heard from.

THE SMALLEST HORSE YET.—A mer- tiny horse, weighing only forty-five pounds, the smallest one that ever lived, has been sent to Gen. Tom Thumb, as a present from Java. It is a great wonder.

A DEFEAT ACKNOWLEDGED.—The Philadelphia North American the leading Whig paper of Philadelphia, thus remarks on the evident result of the gubernatorial election in Pennsylvania:—

"Our compliments to the Pennsylvania! As we are pretty soundly thrashed, we hope it will say nothing about it."

"I wish you had been Eve," said an urchin to an old maid, who was proverbial for meanness. "Why so?" "Because," said he "you would have eaten all the apple, instead of dividing it with Adams."

Died, at the residence of her father, in this place, on the evening of the 6th inst., Margaret, daughter of Daniel and Elizabeth W. Tisdale, aged 17 years, 8 months and 12 days.

Again that knell that bids all prepare for the night approaches, has rung a mournful note its reverberations tell of a falling vail in the hearts of family and friends, not to be filled. For "None knew her but to love her, None spoke ill as in praise."

Her affliction was long and painful; yet no word of complaint was ever heard; but she ever greeted her friends with a happy smile, that was lovely even in death. To be taken thus from the bright hopes and promises of youth, makes it harder to bear; but let a Mother stay her grief, and a Father his sorrow, for we are assured, of the blessedness of the joy unspeakable that filled that gentle spirit. Were it not yet, we might indeed wish her brow again brightened by the breeze of summer; we might wish her pulses again to thrill, and the warm life-blood to reanimate that loved form; but how can we ask her from the bliss, that will be but commencing when the usand times ten thousand years shall have glided away? Oh rather let her low sweet voice, as singing a Saviour's praise, and her hark mingle its tones with those of the Holy angels that are around God's throne.—Richmond Palladium.

Boston, Dec. 10, 1846. This may certify that I have used Pold's Lotion, (as prepared by Messrs. Ames and Olds) for Scalds, Burns, Bruises, &c., and am happy to say that I believe it is all it purports to be.

JOSEPH KENDALL, at H. N. Hooper & Co., Commercial St. I can cheerfully testify to the above as I have known its good effects for two years.

[Extract of a letter from Dr. Williams of Vt. Gentlemen—I will thank you to send me a dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in hundreds of cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of senile humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq., of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

For sale by R. J. TAYLOR.

The most prolific source of disease is undoubtedly impurity of blood. And to no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge. To purify the blood, and remove blemishes from the unsightly state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They will eradicate those impure humors which are the source of uneasiness to the system, and occasion such deformity when they make their appearance exteriorly. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and lungs, costiveness, general debility, rheumatism, &c. In fact there is not the least doubt but they are the best alternative now in use for a disordered system. The vegetable that these Bitters are mostly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by R. J. TAYLOR.

SAND'S SARSAPARILLA.—Thousands of persons are sufferers of scrofula; they come into the world with the taint in their blood, which, by the time they reach maturity, develops itself in some form or other. All such persons should keep a stock of this preparation by them, if at a distance from any town or city where it may be procured, for should they wait for the disease to show itself in ulcers or eruptions but still keep it down by frequent resort to this unrivaled antiseptic. The seeds of scrofula, though hereditary in the blood, will not germinate while that fluid is under the influence of this powerful detergent, which if administered at intervals, will keep down the hereditary tendency through life. As "prevention is better than cure," we recommend all who have a predisposition, hereditary or otherwise to ulcerous or eruptive diseases, to go through a course of this medicine at least every Spring and Fall.

Prepared and sold by A. L. & D. SANDS, Druggists, 100 Fulton st. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer, for sale by R. J. TAYLOR.

From the Boston Daily News, of Feb. 12, 1846 HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Boggs's advertisement in another column. "His Hyperion Fluid," it is supposed, will soon supersede most fluids now in use for the hair, as it is a very superior quality.

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are the scourges of the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a possessor of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, D. D. 96 John-st., New York, proprietor. See advertisement in another column.

IF Rev. B. HIBBARD'S Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best physic you ever tried, and fully equal to any recommendation of them, if you do not find that one of these pills does more good than from four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money.

These Pills are recommended as being without an equal in all Bilious attacks affections of the Liver, the Lungs, Stomach, or Bowels, caused by taking cold, or obstructed perspiration. Also in old chronic affections, as Dyspepsia, Sick Headache, Rheumatism, &c. Mind the Directions, which go with each box. Every agent has circulars of these Pills to give away.

Half a Pill is the usual dose, though some require One Pill, or even more. Children of one year and over, one-quarter of a pill, of 7 years and over, half a pill. These Pills are purely VEGETABLE, and may be taken under all circumstances, without regard to drink, or diet.

The great and only Successful Remedy for the cure of Consumption.

Dr. E. W. Vandersmith's INDIAN COUGH BALM and LUNG BALSAM.

READ.

Disease of the Lungs and Throat cured.

White Plains, April 20, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter, and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been afflicted for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V. and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been a complete cure of my sickness. I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1847.

Inflammation of the Lungs.

New York, June 19, 1847.

Dr. Vandersmith—I have been subject to a cough, pain in the chest, difficulty of breathing, etc., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to get up unless I could get relief. The excessive coughing would not let me get up to a chair. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balsam. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,
JAMES B. HENDERSON.

Consumption.

Staten Island, June 10, 1847.

Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I was bed-ridden, and at other times I was able to walk. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing Tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which produced me such that I was unable to sit up, my voice was entirely lost, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient who I had cured. I sent for half a dozen bottles, I received great benefit from them, which induced me to purchase a dozen bottles, I took according to the directions, and I am now perfectly sound.

Yours &c. **ROBERT WILLSEY.**

Hyer's Pills.
The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

This medicine makes no pretensions to miraculously powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple and to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand more assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. DR. BANNING'S PATENT LACE.

An immediate Relief to *Consumption, the Bronchitis of Pulvis, Spasms, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.*

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Gieson of New York, the faculty of Pittsburgh, Dr. Ford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be procured in many cases:
Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The pills, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. **WM. RISSON.**

Dr. G. M. Boardman, Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th

Doctor Boardman, Middletown, June 25, 1843.

Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. My wife has worn your Laces in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, **J. S. S.**

MR. ABRAHAM VANDERBEEK, of 98 Avenue D., New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.

Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.

Gray Heads! Gray Heads! Read! I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I combed out handfuls of hair daily. **WM. TOMPKINS,** 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.

Do you want to dress, beautify, and make your hair soft and fine? I lead—I, Henry E. TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be controverted. For sale, wholesale and retail, at

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your special and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all for a while, and nervous affection. Its smoothness and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c. causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Jones' Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

Miracle.

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his hand bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop? Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Greole, the Yellow Race of the East, and the Red Man of the far West are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of **JONES' ITALIAN CHEMICAL SOAP**, in curing Pimples, Blotches, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct. 1844.]

One of our subscribers, Mr. E. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Elkhart, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps as many who have been cheated with counterfeits will be too much disposed to try the genuine way to such, as this one will not regret it. But always be sure that the name of **J. JONES** is on the wrapper. For sale in Newport by

READER! READER!

If you are afflicted with *Bronchitis, Asthma, Obstruction or common Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary, or Lung Complaints, try*

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Amers, 113 Williams-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Prospect, Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Gunklin, 192 Eldridge-st.

Mr. Aloisio Brown, 72 Red-st.

Mrs. Morgan, 163 Front-st., Brooklyn.

Orange-county, April 19th, 1846.

Dr. Emanuel,

Dear Sir—You may perhaps think my statement almost incredible. My reason for feeling so is the fact of your never recommending your Jelly for the cure of confirmed consumption; but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear Sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear Sir, with great sincerity,
ISAAC J. REED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late, try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent;

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleans the hair expeditiously; renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. Hair washed with this Extract soon becomes pleasingly soft and luxuriant in its growth, and it will positively bring in new hair on bald heads by its use; and hair that has been made harsh, and is turning gray or falling out, by the use of spirit or other improper preparations, will soon be restored to its natural color and brilliancy, by a few applications of the Eau Lustral.

It is a preservative against baldness, and an infallible cure in all affections of the skin on the head, as dandruff, and for preventing the falling off of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine, in which experience and study will always find room to excavate; it is that source alone which produces all that man calls invention, and which he would do better, perhaps, to name adaptation.

Coggeshall & Bliss' Patent Cooking Range.

THE subscribers have just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place and by a simple, though effective apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

A word of caution is here, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed, that it takes up a small space, and yet it contains all the qualities of those which take up double the amount; and it being
